

## List of Future Proposed Projects August 2021

Project Name	Description	Estimated Release	Estimated Board Approval
<b>Investment Banking Underwriter Services</b>	Assist the Authority in the structuring, marketing and sale of binds, notes, commercial paper, bank loans and other financing alternatives.	June	August
<b>Information Technology Services</b>	Provide a wide variety of Information Technology Network Support and Network Services that include but are not limited to: network architecture, configuration, analysis, management, security, monitoring, website design, maintenance and troubleshooting, software, hardware, wireless support, and mobile device integration.	Aug.	Sept.
<b>Access Control System for the Reversible Express Lanes</b>	To develop and deploy a new Access Control System (ACS) in support of the Selmon Expressway Reversible Express Lanes (REL). The REL system is a reversible lane tolled system that is designed to carry one-way traffic in the predominant commuting direction for AM/PM peak travel times.	Aug.	Nov.
<b>Janitorial Services (Sheltered Bid)</b>	Provide janitorial, cleaning and maintenance services related to the Authority's Transportation Management Center (TMC).	Sept.	Oct.
<b>Selmon Greenway Improvements</b>	The goal of the Selmon Greenway is a fully improved greenway providing connectivity and a safe mobility corridor for pedestrians and bicyclists. Phases 4 is from Florida Avenue to Jefferson Street. This project is needed to complete the pedestrian path from the University of South Florida (USF) Center for Advanced Medical Learning and Simulation (CAMLs) in Downtown Tampa to the new Water Street Developments and USF Medical School at the corner of Channelside Drive and Meridian Avenue.	Oct.	Dec.
